DENVER, July 23, 2020 /PRNewswire/ -- **TTEC Holdings, Inc.** (NASDAQ: TTEC), a leading digital global customer experience technology and services company focused on the design, implementation and delivery of transformative solutions for many of the world's most iconic and disruptive brands, today announced it has been named #21 on the Best Company for Professional Development 2020 list by Comparably, a leading workplace culture and compensation site.

Comparably Awards are derived from sentiment ratings provided by employees who anonymously rated their employers on [Comparably.com](https://www.comparably.com) during a 12-month period from June 30, 2019 through June 30, 2020. To qualify, large companies must have met a minimum of 75 employee participants. Additional weight was given to CEOs and companies with more employee participation, for statistical significance. The final data set was compiled from 10 million ratings across 60,000 U.S. companies large and small.

"In today's high-speed, rapidly changing world, helping our employees build great careers has never been more important," said Michael Wellman, Chief People Officer. "Creating an environment that promotes a culture of learning is one of the most powerful ways to engage our teams and empower them to make the most of their talents, excel in their roles and ultimately strengthen our company."

TTEC has made significant investments over the past year to build a best-in-class learning platform and created a wealth of programs and opportunities focused on employee skills and expertise, manager development and team effectiveness, with particular attention paid to those who have had to shift to a remote working environment. The company is rolling out even more programs this year to help develop the capabilities needed to grow the talent within our organization.

"When employers show that they care about their team's growth opportunities, individuals become more engaged and willing to give more to their jobs," said Comparably CEO Jason Nazar. "Our annual Best Companies for Professional Development list shines a light on the greatest places to grow your career, according to those who know best -- employees."
