Reaffirms Outlook for Full Year 2018

DENVER, November 7, 2018 — TTEC Holdings, Inc. (NASDAQ: TTEC), a leading global customer experience technology and services company focused on the design, implementation and delivery of transformative solutions for many of the world's most iconic and disruptive brands, today announced financial results for the third quarter ended September 30, 2018.

"Since the company's founding over 36 years ago our strategy has been consistent, to grow our top and bottom line, and increase shareholder value by building enduring client relationships that deliver exceptional customer experiences. To accomplish this, we are deliberately investing in continuous innovation and transformational change," said Ken Tuchman, chairman and chief executive officer.

"We are executing upon a rapidly growing pipeline across the business with another record quarter of bookings in the third quarter of 2018, increasing 34 percent to \$153 million over the same period last year. Our sales momentum is demonstrating how TTEC's offerings are resonating in an ever-expanding customer experience market. Our third quarter revenue of \$364.9 million also included a record \$50 million contribution from our Customer Technology Services segment, up 45 percent over the prior year, and propelled by a 76 percent year-over-year growth rate in our SaaS-based cloud offering."

"Each of our Customer Strategy, Customer Technology and Customer Growth segments is reaching our strategic financial targets. In addition, we have made progress with our clients in addressing frontline wages in our Customer Management Services' North American business, including several meaningful price increases. We expect improved financial performance in 2019," continued Tuchman.

BUSINESS OUTLOOK

“Our strategy to differentiate our solutions portfolio and improve our go-to-market platform is a catalyst for anticipated renewed organic growth in 2019,” commented Regina Paolillo, chief financial and administrative officer. “Market demand for our integrated suite of customer engagement offerings is accelerating with record level bookings in the second and third quarters of 2018, and continued strong bookings expected in the fourth quarter. We are especially pleased with the composition of new business signings in both our Customer Technology Services segment, driven by rapid adoption of our SaaS-based cloud platform and systems integration services, and our Customer Management Services segment.”

“We are also pleased with the sequential improvement in our third quarter revenue and operating income, with significant overperformance in our Customer Technology Services segment. As we approach year end, we are keenly focused on delivering performance in line with the guidance provided during our second quarter earnings call, maximizing our seasonal peak fourth-quarter volumes, remediating the challenges impacting our Customer Management Services segment, and executing upon the conversion of our growing pipeline and bookings. We are setting up well for 2019 and anticipate full year higher operating income margins on renewed organic revenue growth,” continued Paolillo.
