

Delivering the next generation of digital customer experience

TTEC Investor Overview

November 2026

Disclosure

This presentation includes forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933 as amended, Section 21E of the Securities Exchange Act of 1934 as amended, and the Private Securities Litigation Reform Act of 1995) relating to TTEC's strategy, operations, value proposition, market assessments and the size of addressable market, financial performance and outlook, including M&A and strategic partnership opportunities, profitability, and cash from operations, which are based on managements' expectations, assumptions and projections with respect to the future, and are not a guarantee of performance.

These statements reflect managements' beliefs as of the time of this presentation. TTEC's actual results may differ materially from what is reflected in the forward-looking statements. New factors or events that are not currently known to us may emerge and materially and adversely affect us and our results of operations. Except as otherwise required by applicable securities laws, TTEC has no obligation to revise this information nor update you about these impacts.

The forward-looking statements are subject to various risks, uncertainties and factors that could cause actual results to differ materially from those described, including risk factors outlined in our most recent SEC filings on Form 10-K and any of our subsequently filed Quarterly Reports on Form 10-Q.

This presentation also contains estimates and other statistical data made by independent parties and by us relating to market size and growth and other data about our industry. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. Assumptions and estimates of our future performance and the future performance of the markets in which we operate are necessarily subject to a high degree of uncertainty and risk.

In addition to the financials presented in accordance with U.S. generally accepted accounting principles ("GAAP"), this presentation includes certain non-GAAP financial measures. We use the non-GAAP financial measures listed in the appendix to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that non-GAAP financial measures, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance. However, non -GAAP financial information is presented for supplemental informational purposes only, has limitations as an analytical tool and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP. In addition, other companies, including companies in our industry, may calculate similarly-titled non-GAAP measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison. You should review the reconciliation of our non-GAAP financial measures to the most directly comparable GAAP financial measures set forth in the Appendix, and not rely on any single financial measure to evaluate our business.

For additional information about TTEC's business, refer to the company's 2025 Annual Reports on Form 10-K, subsequent Quarterly Reports on Form 10-Q, and other documents filed with the U.S. Federal Securities and Exchange Commission (the "SEC") from time to time, and relevant earnings press releases (including GAAP, Non-GAAP and other reconciliation financial tables included therein). The documents that we filed with the SEC can be obtained for free by visiting EDGAR on the SEC website at www.sec.gov.

For additional information, refer to TTEC's 2025 Annual Report on Form 10-K, relevant earnings statements, and GAAP and non-GAAP reconciliation tables.
