PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 24, 2001

The Board of Directors of TeleTech Holdings, Inc., a Delaware corporation ("TeleTech," the "Company," "we," "us," or "our,") is soliciting proxies to be used at our Annual Meeting of stockholders to be held at 10:00 a.m. on May 24, 2001, at Wells Fargo Center, John D. Hershner Conference Room, located at 1700 Lincoln Street, Denver, Colorado 80203. This proxy statement and the accompanying proxy are first being mailed to stockholders on or about April 23, 2001.

WHO CAN VOTE

Stockholders of record at the close of business on April 10, 2001 may vote at the Annual Meeting. On April 10, 2001, we had approximately 74,940,751 issued and outstanding shares of common stock, which were held by approximately 7,062 record holders. If you hold shares in a stock brokerage account or by a nominee, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker or nominee, who is considered the record holder with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee on how to vote and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use. YOU ARE URGED TO VOTE BY PROXY REGARDLESS OF WHETHER YOU ATTEND THE ANNUAL MEETING.

HOW YOU CAN VOTE

You can vote your shares if you are represented by proxy or present in person at the Annual Meeting. If you hold your shares through your broker in "street name," you may direct your broker or nominee to vote by proxy, but you may not vote in person at the meeting unless you first obtain from your broker or nominee a letter recognizing you as the beneficial owner of your shares. If you return a properly signed proxy card, we will vote your shares as you direct. If your proxy card does not specify how you want to vote your shares, we will vote your shares "FOR" the election of all nominees for director according to Company Proposal 1 and "FOR" Company Proposal 2.

REVOCAATION OF PROXIES

You can revoke your proxy at any time before it is voted at the Annual Meeting by any of the following three methods:

- by voting in person at the Annual Meeting;
- by delivering to the Company's Secretary a written notice of revocation dated after the proxy; or
- by delivering another proxy dated after the previous proxy.

REQUIRED VOTES

Each share of common stock has one vote on all matters properly brought before the Annual Meeting. In order to conduct business at the Annual Meeting, a quorum of a majority of the outstanding shares of common stock must be present in person or represented by proxy. The affirmative vote of a plurality of the shares represented at the meeting, in person or by proxy, will be necessary for the election of directors. The affirmative vote of a majority of the shares represented at the meeting, in person or by proxy, will be necessary for approval of the other Company proposal.

Kenneth D. Tuchman, the beneficial owner of approximately 48.8% of the issued and outstanding shares of common stock, has indicated that he intends to vote for all persons nominated by the Board of Directors for election to the Company's Board of Directors and for each Company proposal that is submitted by the Board of Directors for a vote of the stockholders.

VOTING PROCEDURES

Votes cast by proxy at the Annual Meeting will be tabulated by an automatic system administered by the Company's transfer agent. Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed by the Company to act as election inspectors for the Annual Meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present at the Annual Meeting for purposes of determining the presence of a quorum and are tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to shareholders and except with respect to the election of directors, will have the same effect as negative votes. With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the tabulation of votes and will have no effect. Broker non-votes are not counted for purposes of determining whether a proposal has been approved.

Cumulative voting is not permitted in the election of directors. Consequently, you are entitled to one vote for each share of TeleTech common stock held in your name for as many persons as there are directors to be elected, and for whose election you have the right to vote.

COSTS OF PROXY SOLICITATION

The Company will bear the costs of soliciting proxies from its shareholders. Certain directors, officers and other employees of the Company, not specially employed for this purpose, may solicit proxies, without additional remuneration therefor, by personal interview, mail, telephone or other means of communication. The Company will request brokers and other fiduciaries to forward proxy soliciting material to the beneficial owners of shares of common stock that are held of record by such brokers and fiduciaries and will reimburse such persons for their reasonable out-of-pocket expenses.

ADMISSION TO THE ANNUAL MEETING

If you plan to attend the Annual Meeting, please mark the appropriate box on the proxy card and return the proxy card promptly. If you are a shareholder of record and arrive at the Annual Meeting without an admission ticket, you will only be admitted once we verify your share ownership at the shareholders' admission counter. If you are a beneficial owner, you will only be admitted upon presentation of evidence of your beneficial holdings, such as a bank or brokerage firm account statement.

SHAREHOLDER LIST

A complete list of shareholders entitled to vote at the Annual Meeting will be available for examination by any shareholder, for any purpose germane to the meeting, at the Annual Meeting and at the Company's principal offices located at 1700 Lincoln, Suite 1400, Denver, Colorado 80203 during normal business hours for a period of at least 10 days prior to the Annual Meeting.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" ALL OF THE NOMINEES FOR ELECTION AS DIRECTORS.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND COMMITTEES THEREOF

Directors are elected at each Annual Meeting of the Company's stockholders to serve for one-year terms. During 2000, the Board of Directors held seven meetings and took all other actions pursuant to unanimous written consents in lieu of meetings. Each of the current directors attended at least 75% of all meetings of the Board of Directors called during the time he served as a director and at least 75% of all meetings of each committee of the Board of Directors on which he served.

The Board of Directors has standing Audit, Compensation and Nominating committees, which assist the Board in the discharge of its responsibilities. Members of each committee are elected by the Board at its first meeting following the Annual Meeting of stockholders and serve for one-year terms.

The Audit Committee reports to the Board regarding the appointment of the independent public accountants of TeleTech, the scope and fees of the prospective annual audit and the results thereof, compliance with TeleTech's accounting and financial policies and management's procedures and policies relative to the adequacy of TeleTech's internal accounting controls. The current members of the Audit Committee are Rod Dammeyer, James Barlett and Alan Silverman, each of whom is independent, as defined in Rule 4200(a)(5) of the National Association of Securities Dealers' listing standards. During 2000, the Audit Committee held four meetings and took all other actions pursuant to unanimous written consents in lieu of meetings. The Audit Committee has a written charter, which is attached as Exhibit A to this Proxy Statement. A report from the Audit Committee appears on page 15 of this Proxy Statement.

The Compensation Committee reviews performance goals and determines or approves the annual salary and bonus for each executive officer (consistent with the terms of any applicable employment agreement); reviews, approves and recommends terms and conditions for all employee benefit plans (and changes thereto); and administers the TeleTech Holdings, Inc. 1999 Stock Option and Incentive Plan, the TeleTech Holdings, Inc. 1995 Stock Plan, the TeleTech Holdings, Inc. Employee Stock Purchase Plan and such other employee benefit plans as may be adopted by TeleTech from time to time. See "Report of the Compensation Committee on Executive Compensation." The Compensation Committee also evaluates the compensation of Board Members. The current members of the Compensation Committee are Rod Dammeyer and James Barlett, each of whom is a non-employee director of the Company. During 2000, the Compensation Committee held four meetings and took all other actions pursuant to unanimous written consents in lieu of meetings. A report from the Compensation Committee appears on page 13 of this Proxy Statement.

The Nominating Committee nominates and evaluates the performance of Board members. The Nominating Committee will consider candidates for the Board recommended by shareholders if the names and qualifications of such candidates are submitted in writing to the Secretary of TeleTech, 1700 Lincoln

Street, Suite 1400, Denver, Colorado 80202. The current members of the Nominating Committee are George Heilmeier and Morton H. Meyerson. During 2000, the Nominating Committee held one meeting and took all other actions pursuant to unanimous written consents in lieu of meetings.

COMPENSATION OF DIRECTORS

Except for the Chairman of the Board, Kenneth Tuchman, who received an annual fee of \$250,000 for his services as Chairman during 2000, TeleTech's directors do not receive a fee for their services as such; however, all directors are reimbursed for travel expenses incurred in attending Board and committee meetings. In addition, each director who is neither an employee of the Company nor the beneficial owner of 5% or more of the Company's outstanding common stock receives an annual grant of options to purchase 15,000 shares of common stock and each committee member receives an annual grant of options to purchase 8,000 shares of common stock for each committee on which such member has been appointed to serve.

The Company entered into an employment agreement in February 1998 with Morton H. Meyerson, a director of the Company, pursuant to which Mr. Meyerson agreed to render certain advisory and consulting services to the Company. As compensation for such services, the Company granted to Mr. Meyerson an option to purchase up to 200,000 shares of common stock with an exercise price of \$9.50 per share, the closing sales price of the common stock as reported by the Nasdaq Stock Market on the date of the employment agreement. The option vests over five years and is subject to accelerated vesting if and to the extent that the closing sales price of the common stock during any 15 consecutive trading days equals or exceeds certain target levels. Under the terms of the option, the exercise price is required to be paid by delivery of shares of common stock of the Company that have a fair market value equal to the exercise price. Accordingly, Mr. Meyerson will receive no more than 200,000 shares of common stock pursuant to the option, net of shares received by the Company for exercise consideration.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 ("Exchange Act") requires the Company's directors, executive officers and beneficial owners of more than 10% of the outstanding common stock (collectively, "insiders") to file reports with the SEC disclosing their ownership of common stock and changes in such ownership. The rules of the SEC require insiders to provide the Company with copies of all Section 16(a) reports that the insiders file with the SEC. Based solely upon the Company's review of copies of Section 16(a) reports received by it, and written representations that no such reports were required to be filed with the SEC, the Company believes that all of its insiders complied with all Section 16(a) filing requirements applicable to them during 2000, except that Rod Dammeyer reported a March transaction which should have been reported on Form 4, late on Form 5.

EXECUTIVE CHANGE OF CONTROL AND TERMINATION ARRANGEMENTS

The Company's standard option agreement for employees who are employed at the director level or higher contains, with respect to options granted during the latter half of 1999 and for future option grants, a provision whereby the vesting of such options (which typically have a 4 year vesting period) would accelerate by a period of 2 years immediately upon the occurrence of a change of control. In addition, certain executives recently resigned from the Company and entered into Separation and Mutual General Release Agreements (see Certain Relationships and Related Party Transactions).

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The interests in enhansiv were sold to Mr. Tuchman on the same basis as other investors as negotiated by and based upon an arms-length transaction between the parties.

The Company utilizes the services of EGI Risk Services, Inc. for reviewing, obtaining and/or renewing various insurance policies. On March 13, 2001, the Company and Mr. Thompson, the former Chief Executive Officer of the Company, entered into a Separation and Mutual General Release Agreement whereby (i) Mr. Thompson resigned, (ii) the Company agreed to continue paying Mr. Thompson's salary for nine months, (iii) Mr. Thompson agreed to pay the Company \$18,000, and (iv) subject to Mr. Thompson's compliance with the terms of his non-disclosure and non-compete agreement, the Company agreed to cancel and forgive, effective September 12, 2002, Mr. Thompson's indebtedness to the Company related to (a) that certain promissory note dated January 15, 2001 in the original principal amount of \$500,000, and (b) the tax liability, of approximately \$300,000, paid by the Company as a result of the Company's forgiveness of amounts owed pursuant to that certain promissory note dated October 18, 1999 in the original principal amount of \$900,000. The loans to Mr. Thompson were evidenced by a promissory note dated January 15, 2001 in the original principal sum of \$500,000 together with interest on the unpaid balance accruing at a rate of 8% per annum and a promissory note dated October 18, 1999 in the original principal sum of \$900,000 together with interest on the unpaid balance accruing at a rate of 6% per annum. Interest on the \$900,000 loan was forgiven on a month to month basis. The loans evidenced by such promissory notes were for the personal use of the employee. The largest aggregate amount outstanding during the period since inception of the notes was \$951,928.00.

On March 12, 2001, the Company and Mr. Kessler, the former Chief Operating Officer of the Company, entered into a Separation and Mutual General Release Agreement whereby Mr. Kessler resigned and the Company agreed to pay Mr. Kessler \$300,000 over twelve months.

The loan evidenced by the promissory note is secured by proceeds from sales by Mr. Erickson of shares of common stock issued to him upon his exercise of TeleTech stock options. On March 28, 2001, Mr. Erickson executed a promissory note for the benefit of TeleTech in the original principal amount of \$850,000 together with interest on the unpaid balance at a rate of 8% per annum. The loan evidenced by the promissory note is secured by a first priority lien and security interest in all bonus payments payable to Mr. Erickson, all proceeds from the exercise of stock options granted to Mr. Erickson, and any severance compensation payable to Mr. Erickson. The loans evidenced by such promissory notes were for the personal use of the employee. The largest aggregate amount outstanding during the period since inception of the loans is \$850,559.00.

On October 19, 1998, a wholly-owned subsidiary of the Company made a \$400,000 interest-free loan to Joseph D. Livingston, an Executive Vice President of the Company. The loan is secured by all amounts due and payable by the Company at any time to Mr. Livingston, and the proceeds from sales by Mr. Livingston, if any, of shares of common stock issued to him upon his exercise of TeleTech stock

options. The Company applied the net amount of Mr. Livingston's 2000 and 1999 bonuses toward repayment of the loan.

On March 16, 1999, Pamet River, Inc., a global marketing company, was merged into a wholly-owned subsidiary of TeleTech. Morton H. Meyerson, a director of TeleTech, had purchased shares of Series A Preferred Stock of Pamet River in April 1998 as a personal investment. NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN ANY OF THE COMPANY'S PREVIOUS FILINGS UNDER THE SECURITIES ACT OF 1933 ("SECURITIES ACT") OR THE EXCHANGE ACT THAT MIGHT INCORPORATE FUTURE FILINGS, INCLUDING THIS PROXY STATEMENT, IN WHOLE OR IN PART, THE REPORT PRESENTED BELOW AND THE PERFORMANCE GRAPH FOLLOWING THE REPORT SHALL NOT BE INCORPORATED BY REFERENCE INTO ANY SUCH FILINGS.

REPORT OF THE COMPENSATION
COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Company's Board of Directors (the "Compensation Committee") approves and oversees the Company's compensation policy, approves salaries and annual bonuses for executive management of the Company, including the named executive officers, and administers the Company's stock option plans and stock purchase plan. In fulfilling its responsibilities, the Compensation Committee receives significant input from the Company's Chief Executive Officer and other members of senior management. The Compensation Committee is composed of non-employee directors.

COMPENSATION POLICY

COMPONENTS OF COMPENSATION. The Company's compensation policy for executive management is designed to recruit, motivate and retain highly qualified individuals by (i) rewarding individual achievement, (ii) enabling individuals to share in the risks and rewards of the Company's overall performance and (iii) paying compensation that is competitive with industry compensation levels. The key components of the Company's current compensation policy, which is designed to balance short-term and long-term considerations, are competitive salaries, annual cash performance bonuses and long-term equity incentives. With respect to 2000 compensation, the Compensation Committee did not use a specific formula to evaluate performance, determine the specific amount of compensation payable to any individual or allocate each individual's total compensation among salary, bonus and stock options; however, the Compensation Committee believes that the compensation paid by the Company to its executive management is commensurate with the services they rendered to the Company.

ANNUAL OPTION GRANT PROGRAM. The Company has implemented an annual option grant program pursuant to which the Company grants stock options to certain members of management. Awards are granted on a discretionary basis based upon performance evaluations of eligible employees. Management believes that the annual option grant program is in the best interests of the Company because (i) the equity-based awards, which will vest over a four-year period after grant, will provide the recipients with an incentive to remain in the Company's employ and (ii) broader stock ownership among middle and senior management level employees will more closely align their interests with the interests of the Company's stockholders.

2000 COMPENSATION

ANNUAL SALARIES. The Chief Executive Officer of the Company, has authority to hire all members of executive management of the Company, subject to the Compensation Committee's approval of the compensation to be paid to such executives. Subject to the approval of the Compensation Committee, the CEO also determines the compensation payable to persons offered executive level employment with the Company and annual salary increases for members of the Company's executive management. The Board, at the recommendation of the Compensation Committee, determines annual adjustments to the CEO's salary and bonus compensation. In determining and approving the amount of annual salary and salary increases for executive management, the CEO and the Compensation Committee consider factors such as the executive's contribution to the Company's overall operating effectiveness, strategic success and profitability; the executive's role in developing and maintaining key client relationships; the level of responsibility, scope and complexity of such executive's position relative to other executive management; and the executive's leadership growth and management development over the past year. The salaries of the Company's named executive officers, which are listed in the Summary Compensation Table located elsewhere in this proxy statement, are governed primarily by written employment agreements with the Company.

PERFORMANCE BONUSES. Cash performance bonuses for executives are determined and approved annually by the Compensation Committee based on a subjective evaluation of each executive's actual

performance relative to predetermined performance goals, which are based upon factors over which each executive has significant control. The performance goals for executives who are responsible for a particular business unit or functional department, for example, generally are based upon gross revenue or net income targets for such strategic business, or unit functional department. Evaluation of individual performance may take into account the extent to which predetermined strategic goals and business plans are met and whether special projects and tasks undertaken by the executive during the preceding year have been successfully completed. In addition, the Compensation Committee generally considers the Company's overall financial performance, including the achievement of gross revenue and net income goals.

LONG-TERM INCENTIVES. Stock-based compensation is also an important element of the Company's compensation policy. Stock options are generally offered to induce an executive to accept employment with the Company. The Compensation Committee believes that stock options, which vest over time and are subject to forfeiture, align the interests of executive management with the interests of the Company's stockholders. The Compensation Committee also believes that substantial equity ownership by individuals in leadership positions within the Company ensure that such individuals will remain focused on building stockholder value. An executive officer level committee, consisting of the Company's Chief Executive Officer, the Company's Chief Financial Officer and the Company's General Counsel has the authority to administer the Company's stock option plans with respect to option grants of not more than 100,000 option to employees who are not executive officers. Any stock option grants in excess of 100,000 or to an executive officer must be approved by the Compensation Committee.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER. The compensation paid to Scott D. Thompson, the Company's Chief Executive Officer and President during 2000, was governed by his employment agreement. Pursuant to his employment agreement, Mr. Thompson was entitled to receive an annual base salary of \$425,000. Mr. Thompson's employment agreement also provided for the grant of 1,000,000 stock options and a \$900,000 loan, which was forgiven after Mr. Thompson had been employed as the Chief Executive Officer of the Company for one year from the date of his employment agreement (see Certain Relationships and Related Party Transactions). As indicated in "Certain Relationships and Related Party Transactions," Mr. Thompson recently resigned. The Company's Compensation Committee has considered and approved an annual base salary of \$250,000 for the Company's interim CEO, Kenneth Tuchman.

LIMITATIONS ON THE DEDUCTIBILITY OF COMPENSATION. Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1 million paid to the five most highly compensated executive officers. Performance-based compensation that has been disclosed to and approved by stockholders, by a majority of the vote in a separate shareholder vote before the payment of such compensation, is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of "outside directors" as defined for purposes of Section 162(m). All of the members of the Compensation Committee qualify as "outside directors." The Compensation Committee intends to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with its determinations as to the most appropriate methods and approaches for the design and delivery of compensation to executive officers of the Company.

REPORT FROM THE AUDIT COMMITTEE

We perform the following functions:

- provide an open avenue of communication among the Company's independent auditor, the Company's director of internal auditing and the board of directors.
- oversee the adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements.
- confirm and assure the independence of the Company's independent auditors and the objectives of the Company's director of internal auditing.

We meet with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. We discuss these matters with the Company's independent auditors and with appropriate Company financial personnel, including the Company's director of internal auditing.

We also recommend to the Board the appointment of the independent auditors and review periodically their performance and independence from management.

The Directors who serve on the committee are all "Independent" for purposes of the National Association of Securities Dealers standards. That is, the Board of Directors has determined that none of us has a relationship to TeleTech that may interfere with our independence from TeleTech and its management.

The Board has adopted a written charter setting out the audit related functions the committee is to perform. You can find a copy of that charter attached to this proxy statements as Exhibit A.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and discuss with us any issues they believe should be raised with us.

This year, we reviewed the Company's financial statements and met with both management and Arthur Andersen, the Company's independent auditors, to discuss those financials statements. Management has represented to us that the financial statements were prepared in accordance with generally accepted accounting principles.

We have received from and discussed with Arthur Andersen the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from the company. We also discussed with Arthur Andersen any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

For the year ended December 31, 2000, we incurred fees for services from Arthur Andersen LLP as discussed below.

- AUDIT FEES. The aggregate fees billed for professional services rendered by Arthur Andersen LLP for the audit of our annual financial statements and the review of the financial statements included in our Forms 10-Q for the year ended December 31, 2000 were approximately \$457,313.
- ALL OTHER FEES. The aggregate fees billed for all other services rendered by Arthur Andersen LLP for the year ended December 31, 2000 were approximately \$1,263,926.

The Audit Committee has considered whether the independent auditors' provision of other non-audit services to the Company is compatible with the auditors' independence and determined that it is compatible.

Based on these reviews and discussions, we recommended to the Board that the Company's audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 31, 2000.

PROPOSAL 2:
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Arthur Andersen LLP audited the Company's financial statements for fiscal 2000 and the decision to retain Arthur Andersen LLP has been approved by the Board of Directors. Although not required, the Board of Directors is submitting its selection of Arthur Andersen LLP as the Company's independent auditors to the stockholders for ratification as a matter of good corporate practice. In the event of a negative vote by the stockholders on such ratification, the Board of Directors will review its future selection of auditors. A representative of Arthur Andersen LLP is expected to attend the Annual Meeting of stockholders and will have the opportunity to make a statement, if he or she so desires, and will be available to respond to appropriate questions of stockholders.
